PROFESSIONAL SUMMARY

Results-driven Information Systems graduate specializing in Cybersecurity and Network Defense . Combines a solid technical foundation in Linux administration, Python automation, and TCP/IP networking with an MIS background in risk management and data analysis . Proven ability to analyze network traffic, monitor system logs, and identify vulnerabilities within virtualized environments. Adept at bridging the gap between complex technical threats and business risk compliance, bringing a proactive, analytical mindset to safeguard organizational assets and optimize incident response efficiency.

SKILLS

Technical Skills (المهارات التقنية):

- Networking & Security: TCP/IP Protocols, Network Traffic Analysis, Firewalls, VPNs, Wireshark.
- Data Analysis & Executive Reporting

Tools & Platforms (الأدوات والبيئات الافتراضية):

- Cybersecurity Core: Vulnerability Assessment, Log Analysis, Threat Detection, Incident Response Fundamentals.
- Information Security Policies & Compliance
- Virtualization: VMware, VirtualBox.

Management Information Systems (MIS) Skills

(مهارات نظم المعلومات)

Soft Skills (المهارات الشخصية):

- Operating Systems: Linux (Command Line, System Administration), Windows Server, Active Directory.
- IT Risk Management & Governance
- Business Process Analysis
- Network & Security Tools: Wireshark, Nmap, Kali Linux utilities.
- Analytical & Critical Thinking
- Strong Attention to Detail
- Problem-Solving Under Pressure
- Effective Communication & Technical Reporting

EDUCATION

07/2026 Bachelor Of Commerce In Management Information Sys - مجال تكنولوجيا المعلومات وعلم الحاسوب

Modern Academy in Maadi, Maadi Cornish, C, C

ADDITIONAL INFORMATION

- Cisco Certified Support Technician (CCST) Cybersecurity – Cisco Networking Academy
- Introduction to Cybersecurity – Cisco Networking Academy
- Platforms & Labs: Active learner on TryHackMe and Hack The Box , practicing hands-on SOC analysis, log investigation, and network defense challenges.
- Languages: Arabic (Native), English (Professional Working Proficiency).

LANGUAGES

English

Elementary (A2)
